EDUCATION

Baba Institute of Technology and Sciences
Bachelor of Technology - CSE

Andhra Pradesh, India
Jan 2020 - May 2024

A S Raja College Alwar Das Group of Educational institutions
Intermediate - MPC

Andhra Pradesh, India
Jun 2018 - Apr 2020

SKILLS SUMMARY

- Tools: Git, GitHub, WordPress | Figma, Canva | PowerPoint | Excel
- Design Skills: Design thinking, User Research ,Wireframing and Prototype, Content strategy
- Soft Skills: Creativity, Collaboration, Time management, Adaptability, Spontaneity

EXPERIENCE

Geographic Information Systems Engineer | Cyient

Mar 2025 - Nov 2025

- Worked as a GIS Planner/Engineer, handling spatial data analysis and mapping based on client needs.
- Prepared accurate maps and visual representations using GIS tools to support planning and project execution.
- Reviewed and updated geospatial data to maintain accuracy and consistency across projects.

UI/UX Designer | Design Blocks

Oct 2024 - Feb 2025

- Designed user-centric web and mobile interfaces in Figma by understanding client requirements, even when project constraints and requirements evolved.
- Solved design challenges through research and iteration, taking inspiration from platforms like Behance and Dribbble to stay aligned with current design trends.
- Refined layouts, flows, and interactions based on feedback to deliver intuitive, user-friendly products.

WordPress Web Developer | SmartInternz

Feb 2024 - May 2024

- Performed troubleshooting and debugging on existing WordPress sites to identify and resolve issues quickly.
- Optimized database queries to improve the loading speed of webpages while reducing server resource utilization.

UI/UX Designer | Codsoft

Mar 2024 - Apr 2024

- Developed and refined visual designs to enhance the appearance and usability of websites.
- Created custom web application interfaces using HTML and CSS, meeting specific client requirements.
- Planned concepts by orchestrating and implementing designs to streamline interface operation.

UI Developer | Suven Consultants and Technology Pvt. Ltd.

Jun 2023 - Jul 2023

- Demonstrated ability to translate design mockups into functional web interfaces, ensuring seamless user experiences using WordPress.
- Developed a personal portfolio website showcasing my projects, highlighting my dedication to continuous improvement.

PROJECTS

INRIDE – Ride & Parcel Booking Mobile App| Freelance

Nov - 2025

- Translated client and user requirements into scalable, user-centered product designs, aligned with brand identity and modern design principles.
- Enhanced usability by simplifying user flows, reducing screens, and creating intuitive navigation, delivering a clean and conversion-focused mobile experience.

Chalo Gaadi - E-commerce Sub Mobile App | Freelance

Oct - 2025

- Designed an e-commerce sub-application within an existing mobile product by aligning with the client's established design system, ensuring visual consistency, brand continuity, and seamless user experience across the platform.
- Balanced legacy UI constraints with modern UX principles by simplifying navigation, optimizing user flows, and selectively applying current design trends, improving usability while respecting the existing product ecosystem.

Vishwanadh Sports Club & Conventions

Feb - 2025

- Designed and developed the Vishwanadh Sports Club website, showcasing key services, facilities, and activities in a clean, user-friendly layout aligned with the club's brand and audience.
- Integrated intuitive navigation, responsive layouts, and visually engaging elements to highlight facilities such as sports amenities, events, and membership information, enhancing user engagement and accessibility across devices.

NapNGo Dormitory Website & Web App

Jan - 2025

- Crafted the website and web application UI by applying the brand's logo colors and visual identity, ensuring consistency with client requirements and a cohesive digital presence.
- Enhanced user experience through clear information hierarchy, simplified navigation, and responsive layouts, delivering a clean, intuitive, and user-friendly interface.

Abhiram Nirman Website Redesign

Jan - 2025

- Redesigned the Abhiram Nirman website, a real estate platform, using Figma to improve user experience and visual appeal.
- Focused on modernizing the interface with intuitive navigation and responsive design principles tailored to the real estate industry.
- Enhanced functionality and aesthetics by delivering a polished, user-centric prototype optimized for client and user needs.

Abhiram Nirman Website Redesign

Dec - 2024

- Designed the Security Guard Management App using Figma, creating a user-friendly interface tailored for managing recruitment, attendance, and payroll.
- Selected and implemented effective color combinations and design elements to ensure visual consistency and usability across the app.
- Delivered a fully interactive prototype, optimized for both administrators and security guards, enhancing operational efficiency and user experience.

Libri Hub - Library Management Web App

Nov - 2024

- Crafted a digital library interface to make content discovery smooth, organized, and enjoyable. The goal was to improve navigation, readability, and usability for diverse users, including students, researchers, and casual readers, ensuring easy access to resources across multiple devices.

Result Insight Hub

Sept - 2024

- Designed Result Insight Hub using Figma, focusing on enhancing user experience and workflow efficiency.
- Integrated interactive graphs to visualize overall performance, providing users with insightful data representations.
- This approach not only improves user engagement but also enhances understanding and decision-making.

CERTIFICATIONS

Building a Dynamic User Interfaces(UI) for Websites - (Google)	Feb - 2024
Designing User Interfaces and Experience (UI/UX) - (IBM)	Oct - 2023
Introduction to Cloud Computing- (IBM)	Sep - 2023
UI/UX for Beginners - (Great Learning)	Aug - 2023
Html CSS and JavaScript for Web Developers - (Coursera)	Jun - 2023

ACCOMPLISHMENTS

- Class Representative - Held Class Representative position during Bachelor's degree, showcasing ability to lead, motivate, and communicate effectively with diverse groups, resolving student concerns and promoting positive academic environment.
- IBM Badge - Earned an IBM Badge through Credly by Pearson for completing the Coursera course on Designing User Interfaces and Experiences (UI/UX). Demonstrated proficiency in creating user-centric interfaces and designing engaging user experiences.
